TRILLION TREES COMMUNITY NURSERY

Trillion Trees Australia is a registered not for profit organisation committed to restoring landscapes, rebuilding habitat for wildlife and empowering people to take tangible action against the impacts of climate change. Our Community Nursery is powered by volunteers, supported by a small, experienced staff team. Up to 100 volunteers from diverse backgrounds join us each week to grow and nurture over 200,000 native trees and plants every year. Founded in 1979 as Men of the Trees, Trillion Trees Australia has a long established reputation for producing healthy, native tubestock. All proceeds from plant sales are used to support our restoration projects, education programs and community nursery.

Get in touch to discuss your next project, or order today from our wide range of native trees, shrubs, groundcovers, grasses and more. If you have a species request which is not included in our price list, please don't hesitate to contact us to see if we can help.

RETAIL NURSERY OPEN TO THE PUBLIC

The Trillion Trees Australia retail nursery is open to the public with a range of native trees and plants seasonally available. Detailed plant information and photos are provided for all plants on sale, and the Trillion Trees Australia team are on hand to provide advice and guidance on growing a native garden at home.

To make selecting native species as easy as possible, we've curated our selection into size, and highlighted popular applications such as pollinator attracting, cockatoo friendly, frog habitat, drought tolerant and verge gardens. Seasonal specials and bundles are often available.

All proceeds from plant sales are used to support our restoration projects, education programs and community nursery.

TERMS OF TRADE

Quotes Validity

Quotes are valid for 30 days from the date of issue, unless otherwise specified. Please note, quotes do not guarantee product availability at the time of ordering.

Quote Acceptance

To proceed with a quote, kindly confirm acceptance in writing via email.

Securing an Order

A 30% deposit is required to secure an order. An invoice will be provided, and the order is only considered secured once the deposit has been paid by the specified due date.

Final Payment

An invoice for the remaining balance will be issued closer to the delivery or collection date. Full payment must be received prior to collection or delivery unless other arrangements have been agreed upon.

Payment Methods

We prefer direct deposit for payments. Visa and MasterCard are also accepted, though a merchant fee will apply for these transactions.

Delivery & Collection Notice

A minimum of 3 business days' notice is required for deliveries or collections to allow us to finalise and prepare your plant order.

Availability of Plants

Plant orders are subject to availability. In some cases, substitutions may be necessary due to stock limitations or failures. We will always endeavour to provide a suitable alternative when required.

Refunds

Refunds will be offered only if we are unable to supply the ordered stock and a suitable substitution cannot be provided.

Order Collection

Orders must be collected within a reasonable time from the agreed date. Orders held beyond this period may incur a daily holding fee of \$25 per day per order.

Risk and Responsibility

Trillion Trees Australia is not liable for any loss, damage, or deterioration of plants if they are not collected by the agreed collection date.

Force Majeure

We will not be held responsible for any delay or loss resulting from events beyond our control including pest and disease outbreak, pandemics, regulations imposed by government or local authorities, and/or extreme climate events.

Plant Authenticity

To the best of our knowledge, all plants sold will be true to name and description.

Pots and Trays

To support sustainability, we reuse pots and trays. We kindly ask that they be returned where possible. Collection of used pots can be arranged.

Biosecurity Policy

Due to our NIASA accreditation, we regret that plants cannot be returned once they have left the nursery.

Order Acceptance

All orders are subject to acceptance by Trillion Trees Australia. We reserve the right to refuse any order for any reason.

Amendments and Cancellations

Requests for amendments or cancellations to orders must be made in writing and will require approval from Trillion Trees Australia.

Delivery Timing

We will make every effort to deliver goods on the agreed date. However, please note that delivery times are estimates and may be subject to change.

Responsibility for Redelivery

If the Customer is unable to take delivery on the agreed date, any costs incurred for re-delivery will be the Customer's responsibility.

Risk Transfer

The risk of damage to plants transfers to the Customer upon delivery.

Modifications to Terms

Trillion Trees Australia reserves the right to update or modify these terms at any time.
